Nura Project ASBL
Conflict of Interest declaration form

The Nura Project ASBL follows a conflict of interest policy to prevent decision-making that financially benefits specific individuals in positions of power instead of the project itself, or which could be seen as benefiting those individuals.

To disclose interests which may raise such a conflict of interest I respond to the following questions to the best of my knowledge:

1. Please list all corporations, partnerships, associations or other organizations of which you are an officer, director, trustee, partner, or employee, and describe your affiliation with such entity.

2. Please list all corporations, partnerships, or other entities in which you have a material financial interest, in the aggregate, more than 10%. Please also list the actual ownership percentage.

3. Please list any existing and/or proposed business dealings between Nura Project ASBL and you, your family members, and/or entities. Describe each such relationship listed and the actual and potential financial benefits as you can best estimate them.

4. Are you aware of any other relationships, arrangements, transactions, or matters which could create a conflict of interest or the appearance of conflict? If so, please describe.

5. Please list all business dealings that you, your family members, and/or entities have had with Nura Project ASBL in the past two years.

I have read the Nura Project ASBL Conflict of Interest Policy. I am currently, and agree to remain, in compliance with the Policy.
